## HE MAY LOSE RIGHT FOOT

J. REECE WADE, A FARMER LIVING SHORT DISTANCE EAST OF LAMONTE.

## ENGAGED IN CUTTING HAY AT THE TIME

The Accident Occurred at an Early Hour This Morning—Injured Man Resting Well, Was Latest Report.

J. Reese Wade, aged 57 years, a farmer living east of Lamonte, had his right foot almost severed several inches above the ankle, while at work at his farm this forenoon.

Mr. Wade was engaged in cutting hay, in company with his son, Hugh. The latter was driving the mower, and the father requested him to watch out for brush.

Hugh was doing as directed, and did not notice his father ahead of the mower, engaged in picking up brush. The latter had his back turned to the machine, when he was caught by the sickle and his right leg so badly lacerated that amputation of the foot may be necessary.

The Drs. Walker, of Lamonte, dressed the injury, and a telephone message from Lamonte this afternoon stated that the patient was resting nicely, although the injury is of a dangerous nature.

Mr. Wade is one of the best known residents of this county. Years ago he taught school, and later was agent for the Missouri Pacific at Lamonte. Still later he engaged in merchandising there, but of late years has been engaged in farming and stock raising.

## "K. OF C." WILL CELEBRATE

So Decided at Regular Meeting Held Last Night.

Sedalia council No. 831, Knights of Columbus, at Tuesday night's meeting, took preliminary steps for an elaborate celebration of Columbus day in Sedalia on Tuesday, October 12.

Edward Donnelly, W. G. Lynch, Emil Zoernig and Joseph Paradis were named a committee to arrange the program, and the committee will meet weekly for that purpose.

The celebration will be the first of the kind ever held in this city, on account of the fact that October 12 has only recently been designated by congress as a national holiday.

The celebration will be strictly an invitation affair. A select program will be arranged, after which a banquet will be served.

Edward Donnelly was instructed to arrange an open air entertainment for the members, to be given in the near future.

## SEDALIANS AT FISH FRY

Journeyed to Carpenter's Ford Tuesday and Spent the Day.

A party of Sedalians journeyed to Carpenter's ford, southwest of Smithton, Tuesday, and enjoyed to the fullest a fish fry and all of its attendant pleasures, returning home in the evening, the universal verdict being that they had never had a more pleasant outing. The following comprised the picnicers:

F. L. Ludemann and wife, Chas. Hobericht and family, P. Hoffman and wife, Chas. Welch and family, Fred Williams and wife, Dr. W. C. Dunlap, Ed Imhauser and family, J. A. Keeling and family, J. S. McKelvey, A. J. Williams and wife, Dr. Shenck, of St. Louis, and Dr. Carl Hobericht.

The only unpleasant incident in connection with the picnic was the miring of Charlie Hobericht's horse in a marshy tract near the camp grounds, requiring three hours' work on the part of the men in the party to extricate the animal.

## WAR SPIRIT IS RIPE

Bolivian People Are Anxious for a Fight With Argentine.

La-Paz, Bolivia, July 21.—The feeling that hostilities may occur as a result of the rupture of diplomatic relations between the Argentine Republic and Bolivia is shown by the continued departure of many Argentine and Bolivian residents. The

spirit of the people was shown in a monster petition asking to be enrolled in the army, the petitioners asserting their unconditional support of the Bolivian government in case of an armed conflict.

## Sedalia's Big Contract.

A. H. Kemp, a contractor, went to Columbia this morning, where he and G. W. Kemp have secured the contract for the construction of almost 3,200 feet of cement sidewalks.

## Mother Is at Death's Door.

A. J. Barner, of California, Mo., arrived this afternoon in response to a telegram announcing the critical illness of his mother, Mrs. Elizabeth Barner, who is at death's door.

## PRESENTED WITH PURSE

THE REV. FR. B. R. McNAMEE, OF ST. PATRICK'S CHURCH, LAST NIGHT.

## CHURCH COMMITTEE CALLED UPON HIM

Divine Is Recovering From Spell of Illness, and Flock Desires That He Take Needed and Deserved Vacation.

The Rev. Fr. B. R. McNamee, the well liked pastor of St. Patrick's church, on East Fourth street, was very pleasantly surprised by a committee from the members of the church at his home at 8 o'clock last night when he was the recipient of a handsome purse, raised by the church members, and donated to him that he might defray the expenses of a needed vacation.

The committee consisted of H. L. Moore, who made the presentation speech, R. D. McCubbin, Patrick Curran and Michael Mullen.

The gift came as a complete surprise, and was received by the divine with words almost unutterable, but he showed his appreciation otherwise in a manner that was felt by all.

Fr. McNamee is just recovering from an illness of several weeks' duration, and in view of that fact the church members decided he was entitled to a vacation. He has not decided where he is going or just when. The purse contained a sum that it would require three figures to designate.

## HAD HIS JAW FRACTURED

Son of the Rev. Grant A. Robbins Meets With Accident.

Foster Robbins, the 18-year-old son of the Rev. and Mrs. Grant A. Robbins, is laid up at his home on West Fifth street, suffering from a fracture of the left jaw, received while boxing with a friend at the Y. M. C. A. gymnasium Monday night. The fracture was reduced by Dr. M. A. Alderman.

Every effort was made to keep the happening from the press, and it was successful until last evening, when the Democrat-Sentinel learned of it.

Young Robbins refuses to give the name of the young man who produced the fracture.

## PAID \$1,000 DEATH CLAIM

Policy Was Carried by the Late Michael Quinn.

Joseph Paradis, grand knight of Sedalia council No. 831, Knights of Columbus, today received a check for \$1,000 from P. J. Brady, national treasurer of the order, payable to Mrs. Bridget Quinn, widowed mother of Michael Quinn, who died in Sedalia on Saturday, June 12. That was the amount of Mr. Quinn's insurance with the order.

Sedalia council was instituted six years ago and Mr. Quinn's was the first beneficiary policy ever paid.

## CHARGED WITH FRAUD

Case Has Been Filed With Postoffice Inspectors.

Complaint has been filed with the postoffice inspectors in this city of a scheme of a Sedalia negro, residing in North Sedalia, who is accused of defrauding people through the use of the United States mails.

The inspectors are working on the case, and it is probable that an arrest will be made this week.

## THE NEW NURSE

## FORMER SEDALIAN'S JOB

HARRY K. DE LONG IS APPOINTED COURT REPORTER AT ATCHISON.

## IS A SON OF DETECTIVE JOHN DE LONG

In Addition, the Young Man Is to Be Married on July 22 to Miss Leota Wells, Who Also Resides at Atchison.

Mrs. Charles Gross, of South Osage avenue, sends the Democrat-Sentinel a copy of the Atchison, Kas., Champion containing the following complimentary reference to Harry DeLong, a son of John DeLong, a former chief of police of Sedalia, but later of the Missouri Pacific secret service department, with headquarters at Atchison:

Judge W. A. Jackson announced today the appointment of Harry K. DeLong as court stenographer to succeed the late R. B. Spitzer, who held that position for twenty-five years.

The law provides that an examination shall be conducted by three members of the bar and the applicant required to write 150 words per minute. The examination will be held this afternoon, and Judge Jackson named T. A. Moxey, W. P. Waggener and D. S. Hooper to examine Mr. DeLong.

The appointment of Harry DeLong will come as a surprise to his many friends, as few knew he was equipped for such a position. He has, however, held several stenographic positions as difficult as the court house job.

The appointment will be received as a most popular one, because Harry DeLong is one of Atchison's finest young men, and Judge Jackson considers it a great pleasure to honor him in this way. The position carries with it a regular salary of \$100 per month, with additional pay for supreme court work.

On July 28 Mr. DeLong will claim Miss Leota Wells as his bride, and his plans were made to move onto a farm he recently bought in Missouri, but a few days ago he sold it.

Since then he has been undecided, although he had tendered his resignation with the Jackson woodware firm at Thirteenth street.

Brick for the Home Here.

The brick for the Sacred Heart church Sisters home on Montevia ave-

nue have arrived from Chazyvale, Kas., and it is expected the bricklayers will begin work tomorrow.

The slate for the roof was shipped some time ago, but has evidently been laid out at some point between here and Pennsylvania, and in the meantime Rev. Fr. Christian Daniel, who is superintending the work, is resting up a little.

Leo Streng Operated Upon.

Leo Streng was operated upon for appendicitis at the operating rooms of Dr. M. C. Alderman, on West Fourth street, at 10 o'clock this morning, and a report from his bedside this afternoon is that he is resting nicely.

## IS GALVESTON IN PERIL?

MEAGER REPORTS FROM TEXAS CITY TELL OF A TERRIBLE STORM.

## THE TELEGRAPH WIRES ARE ALL DOWN

Story Came to Houston by Telephone—Surf Said to Be Jumping Over the Big Sea Walls in Many Places.

Houston, Texas, July 21.—Reports of a storm of hurricane proportions at Galveston have reached here over the long distance telephone, all other wires being reported down.

Two bathing pavilions are said to have been wrecked and a fishing pier swept away. The report states also that a barge in the bay ran against the telegraph cables, destroying communication.

The surf is reported to be jumping over the sea wall in several places, while the wind has reached a velocity of sixty miles an hour.

## Report Reached Washington.

Washington, July 21.—A report received at the weather bureau here from Galveston stated that at 2:20 o'clock this morning the gulf was high and rising, and that water in the western portion of the city was several feet deep.

The barometer was falling rapidly as the storm was approaching the Texas coast. The storm was first sighted last Saturday, over the Caribbean sea.

Damage Along the Coast.

Boston, July 21.—From the nature of the gulf hurricanes it can be said

## W. C. KNIGHT ARRESTED

HE'S ALLEGED TO HAVE OBTAINED \$1,200 BY FALSE PRETENSES.

## RESIDED IN BOONVILLE FOR MANY YEARS

Prisoner Well Known in Sedalia, Denies Charge of Selling Worthless Mortgage, Claiming He, Too, Was Victimized.

W. C. Knight, a former resident of Boonville, who is well known in Sedalia, he having visited here at intervals for years, was written of as follows in the St. Louis Globe-Democrat of Wednesday morning:

William C. Knight, 52 years old, of 2918 Shaw avenue, a real estate dealer, was arrested yesterday at his office in the Liggett building and is a prisoner in the central district hold-over, charged in an information with obtaining \$1,200 by false pretenses from Henry H. Hyatt, 1004 St. Angelo avenue.

Hyatt alleges he loaned Knight the money on a note and worthless mortgage on 240 acres of land in Cooper county, Mo. Knight, who is married, and lives with his wife and baby at the home of a married son, declares he is innocent and was victimized.

According to Hyatt's statement to Assistant Circuit Attorney Roskopf, Knight came to his office in the Temple building in June, 1908, and said he had a client who wanted \$1,200 on the land. He said his client's name was "Richard" and declared the title to be perfect, according to Hyatt. The loan was made, and last June the note fell due. Hyatt made inquiries, he said, and learned that he held a worthless second mortgage on the property.

"I never met Richard, but loaned him \$1,200 after communicating with him by mail," Knight said. "I wrote to the title examiner at Boonville, Mo., and paid \$3 to learn that the title was perfect. I then obtained \$1,200 from Hyatt and when the note fell due I wrote to Richard, and his reply caused me to make inquiries. I learned that some party had a prior mortgage on the property and that I was out \$1,200. I wrote to Hyatt and notified him I would personally make good his loss."

Knight, who says he shares an office with Josiah A. Parker, another real estate man, came to St. Louis in April, 1908, from Boonville. He said

he was engaged in the real estate business there for years and came to St. Louis with the expectation of bettering his financial condition.

Hyatt conducts a post card company and represents the Daydark Specialty company.

## Sedalia Divine to Officiate.

The Rev. Otto Press, pastor of the German Evangelical church, will go Boonville tomorrow morning, where he will conduct funeral services over the remains of Mrs. Herman Schmidt, who died in Minneapolis, Minn.

On account of Rev. Press' absence from the city, there will be no school at the church tomorrow morning.

## A PRIEST ENDS A STRIKE

ARBITRATES WITH COMPANY AND GAINS POINTS FOR HIS CHARGES.

## STANDARD STEEL CAR COMPANY'S WORKS

At Butler, Pa., Resumed Work Today, After a Four Days' Shut-Down—Release from Jail of 23 Men on Bond.

Butler, Pa., July 21.—The strike which for four days has tied up the Standard Steel Car company's works was settled late yesterday.

The 3,500 employees of the plant returned to work today. Both sides yielded points in an effort to reach an understanding.

The strike was brought to an end through the efforts of Father F. Beczowski, of the Polish Catholic church, here, under whose advice the men have been acting almost from the beginning.

Following the presentation of an ultimatum by the men yesterday, Attorney Levi M. Wise and Father Beczowski were called into consultation with company officials.

The company agreed to take back all of the workmen and consented to a reduction of the per cent of delinquent rents taken from the pay envelopes of the men each week.

Father Beczowski, acting for the strikers, then agreed to abandon the men's demand for an increase in wages and consented to the company's statement that it would follow its usual custom in such matters.

An agreement was drawn up and was ratified by the strikers at a mass meeting last evening.

Following the announcement of the settlement of the strike it was aged that the twenty-three men in jail in connection with labor troubles be released immediately on a nominal bail.

## KILLED CUR WITH A CLUB

Officer Had Better Luck With It Than With Firearms.

Officer George Eads was summoned to 1411 East Fourth street this morning, where he was asked to end the existence of a canine. What followed is thus related by a brother officer of Mr. Eads:

"George has always boasted of his ability as a marksman, and he fired his revolver to terminate the dog's existence. Six consecutive times he fired at the cur, but each shot went wide of its mark, and the dog merely wagged its tail as it stood gazing at the officer, who, by this time, began to lose his patience.

"Unsuccessful with his revolver, George promanaded to the home of a neighbor, where he borrowed a rifle, but his ability with a rifle was no better than with a revolver, and after firing three more shots, he gave up in despair and killed the dog by beating it to death with a club."

## THE HOMAN BARN BURNED

Blaze Last Night Resulted From Spontaneous Combustion.

Frank Homan, a farmer and stockman of Stony Point neighborhood, three miles southeast of Smithton, suffered a \$1,000 fire loss at his home last night, with very little insurance with the Lake Creek Mutual Fire Insurance company.

Mr. Homan's barn, 48x50 feet, caught fire from spontaneous combustion, consuming fifteen tons of recently mowed hay and other products, entailing the foregoing loss.

## WILL FIGHT THE "DRYS"

BATTLE HAS BEEN LAUNCHED AGAINST CONSTITUTIONAL PROHIBITION.

## WATER WAGON ADVOCATES IN SYMPATHY

Business Men and Many "Dry" Advocates Have Enlisted in the "Safe and Sane" Forces in Alabama.

Montgomery, Ala., July 21.—With unlimited capital, the sentiment of a large part of the business men of the state, and the sympathy of many prohibition advocates, the fight has been launched against constitutional prohibition in Alabama.

In an interview last night, Leon C. McCord, lawyer and leader for the organization of the "safe and sane" forces, throws down the challenge and says they are out to win over the political ambitions of Governor B. B. Comer or any other man who would attempt to load the organic law down with a provision utterly untried, even as a law.

Mr. McCord is sending out a letter to members of the legislature, which meets in extra session July 27, from 10,000 business men, urging them not to plunge the state into a tumult now, when every effort possible is being made to bring things to a quiet basis and restore the confidence broken by the radical legislation of the past two years.

Criticism of the supreme court is deprecated as an evil tendency, and the recent interview with Brooks Lawrence, head of the Anti-Saloon league, to the effect that a judge would be chosen who would decide for prohibition, is condemned and held up as indicating to what extent the fanaticism of the league will go.

It is given out that every county of the state will be fully organized to prevent the state being turned over to men who talk like this.

## COW CAUSED THE TROUBLE

W. E. Houck Filed Complaint Against a Husband and Wife.

W. E. Houck, former candidate for constable of Sedalia township, and one of the enthusiastic workers in the dry campaign in this city last fall, today filed complaint before Peace Justice J. B. Rickman against Mr. and Mrs. Hicks, of South Marvin avenue, alleging that they assaulted him.

A state warrant was issued for the arrest of the couple.

Houck, according to his own story, was struck across the chest with a club, held by Hicks, while Mrs. Hicks is alleged to have held a revolver in her hand.

The trouble originated over Houck's cow trespassing on Hicks' garden.

## JOHN CRONIN KILLED

Dead Man Is a Brother of Simon Cronin, of California, Mo.

Simon Cronin, formerly traveling auditor for the Missouri Pacific, now cashier of a bank at California, Mo., accompanied by his wife, passed through Sedalia on Missouri Pacific train No. 1 this afternoon, en route to Kansas City, in response to a message telling of the killing of his brother, John Cronin, at Kansas City this morning.

Mr. Cronin was a married man and leaves a daughter. He had been working as night yardmaster for the Santa Fe railway in the Kansas City yards. He was 45 years old.

## CONVICT MAKING CLOTHES

Alvin H. Wray, Who Killed John W. O'Neill in Sedalia.

A letter was received here today from Alvin H. Wray, a Sedalia boy, who was recently sentenced to forty years in the state penitentiary for murdering John W. O'Neill, in which he stated that he was employed in making clothes at the penitentiary.

Ray killed O'Neill in a barroom in this city one night, alleging that O'Neill had previously caused his arrest. When arraigned before Criminal Judge Hoffman he made no defense, entering a plea of guilty and asking for leniency.

## COMING HOME?

Back to Sedalia, the beautiful  
Queen City, and visit again the  
scenes of years gone by.

The Home Coming reunion  
will be held October 2, 3, 4 and  
5, during the week of the Mis-  
souri State Fair.

The semi-centennial of the  
founding of the city will be  
celebrated, and a grand wel-  
come will be extended to all  
who gather to commemorate  
the event.

There are ex-Sedalians every-  
where, but they will all be here  
again at the Home Coming.

## The Weather Forecast.

Generally fair tonight and Thurs-  
day; no decided change in tempera-  
ture.

## LET US GET TOGETHER.

A representative of the Democrat-  
Sentinel interviewed Mr. Hammer,  
manager of the Sedalia Light and  
Traction Co., and is convinced that  
the owners of the street railway sys-  
tem will unquestionably vacate West  
Third street if the city goes ahead  
with the paving of that thoroughfare.  
The company declares absolutely that  
it can not pay for the improvement at  
this time, but says that later on it  
believes it will be in better financial  
shape, and will then gladly co-operate  
with the city in making this very  
necessary paving.

We believe that for the good of all  
concerned the work might be post-  
poned, and in consideration of the  
postponement perhaps the railway  
people would enter into an agree-  
ment, setting an exact date when  
they would do their part toward the  
contemplated improvement.

How much damage to property and  
inconvenience to residents would ac-  
cure by the discontinuance of the  
street car service on that thorough-  
fare-it is hard to estimate, and it is  
a question whether the good that the  
paving would do would offset the  
damage that would result if the street  
car service is abandoned.

If the owners of property and the  
people living along that end of the  
street have anything to say regarding  
it, the columns of this paper are open  
to them.

It is well understood that there is  
no love lost between Mr. Hammer's  
company and this paper. Neverthe-  
less, we want to be fair with them.  
The city has just closed what is re-  
garded as a very favorable lighting  
contract; their gas service at this  
time is indeed good; no complaints  
have been heard for a long time, and  
if they would remove the "dingbat"  
from the city clerk's office and put in  
a genuine photometer we would feel  
that all is well.

Isn't it possible to get together on  
some sort of a reasonable proposi-

tion and thus prevent the west end  
being deprived of street railway fa-  
cilities?

THE DECAY OF OUR WATER-  
WAYS.

A report of special interest dealing  
with waterway improvements has  
just been made to the president by  
Herbert Knox Smith, commissioner of  
commerce and labor. Mr. Smith's re-  
port is not devoted to the furthering  
of any particular project or series of  
projects. The purpose is to survey the  
situation as presented to impartial  
observation in a general way and to  
arouse the public to an appreciation  
of neglected opportunities.

There are several points brought  
out which are calculated to impress  
the thoughtful person who desires to  
see the nation make the best of the  
chances which are presented in this  
direction. One of these strong points  
is the exposition of the fragmentary  
character of water transportation.  
The greatest value of such transporta-  
tion lies in the use of long  
"through" routes, obviating the neces-  
sity of breaking bulk and transship-  
ping.

While there are in the United  
States about 5,800 miles of streams  
with a navigable depth of six feet or  
more, and over 2,000 miles of canals,  
they are so largely in unrelated parts  
and so separated that continuous  
passage for any considerable distance  
is impossible. It needs but a glance at  
the exhibit of the waterways of the  
country to see the force of this argu-  
ment. The Erie canal, the most exten-  
sive now in use in America, has a  
length of 387 miles, with seven  
feet the maximum depth, yet boats  
have to be loaded and unloaded at  
the terminals.

There are a number of other can-  
als which seem important on paper,  
but which upon closer inspection are  
found to be of minimized value. Thus,  
the Chesapeake and Ohio has a length  
of 184 miles and a depth of six feet;  
the Illinois and Michigan a length of  
102 miles and a depth of four feet;  
the Miami and Erie a length of  
274 miles and a depth of five and one-  
half feet; the Morris canal a length  
of 103 miles and a depth of five feet;  
the Ohio canal a length of 317 miles  
and a depth of four feet; the Penn-  
sylvania a length of 193 miles and a  
depth of six feet, and the Schuylkill  
Navigation Co. canal a length of 108  
miles and a depth of six and one-  
fourth feet. Other artificial water-  
ways are of less importance and of  
shorter length and varying depths.

The chief thing in this connection,  
however, is that so few of them com-  
municate one with the other, while  
the leading canals in the list, those  
of considerable mileage and in im-  
portant commercial territories, are  
widely separated, making it impos-  
sible to operate them in common.

Commissioner Smith also empha-  
sized the decadence of canal traf-  
fic. This phase of the matter is start-  
ling, for it is seen that of 4,500 miles  
of canals built in the United States at  
a total cost of many millions of dol-  
lars, more than one-half, representing  
an outlay of \$80,000,000, have  
been abandoned.

It is impossible not to contrast the  
neglect and disuse with the policy of  
European countries, which have de-  
veloped their canal systems to the  
highest state of commercial efficiency,  
until today their transportation value  
is incalculable. With our unequalled  
resources of inland waterways, we  
should not be content to remain be-  
hind in the procession.

## TAFT'S POSITION ON THE TARIFF

Until a few days ago the indica-  
tions were that the fight for down-  
ward tariff revision had been lost.  
President Taft's unexpected but timel-  
y pronouncement of last Friday has  
altered the situation and today there  
is a prospect, though by no means  
a certainty, that the tariff will be  
changed in the interest of the people  
to a greater extent than either the  
house or the senate bills promised.  
If the bill is not improved in confer-  
ence there is the possibility that the  
president will veto it, even in the  
face of the dangerous political con-  
sequences to the republican congress-  
sional group.

President Taft says his understand-  
ing of the Chicago platform and his  
own view of the demands of the peo-  
ple are that his party is committed  
and obligated to revise the tariff  
downward. This means, of course,  
that the president is not satisfied  
with the Aldrich measure and that he  
is apprehensive that no compromise  
between them can be made. In the  
absence of pressure, which would be  
an equitable, honest disposition of the  
tariff question.

The only unfavorable token in the  
sky is the dispatch with which Uncle  
Joe Cannon hastens to approve the  
president's position and declare that  
it contains nothing to which any good  
republican could object. Any tariff  
proposition which has the approval of  
the speaker is open to suspicion in  
itself, but it is to be hoped that Mr.  
Taft will not be tricked into leniency  
by these blandishments.

That the protest of the president is

HICKS  
THE GROCER

well grounded there is no doubt. To  
just what extent the people are be-  
ing fleeced by the swindle now going  
on at Washington is shown by Sena-  
tor LaFollette, who has made a  
thorough study of the new tariff bill,  
comparing it with the present Ding-  
ley rates.

Senator LaFollette figures that the  
net results of the changes in the sen-  
ate bill represents an increase of  
3.65 per cent over the Dingley rates.

Members of the finance committee  
have been straining themselves to  
refute Senator LaFollette's figures  
and conclusions, but they have not  
succeeded. "It all depends upon the  
method of computation," says Sena-  
tor Smoot, the committee's spokes-  
man, and he forthwith proceeds to  
convert the rates into ad valorem and  
compare them for various years, but  
without any reference to the value of  
the imports they are applied to, and  
which necessarily represents the tax

known to every person who has

The protests pouring in upon the

### INFIDEL DIDN'T RECAT

COL. ROBERT G. INGERSOLL, WHO  
DIED JUST TEN YEARS  
AGO TODAY.

### WIDOW OF "PAGAN BOB" DENIES STORY

Also Sets at Rest "Rumors" That  
She's Been Converted to Spirit-  
ualism or Any Other Faith—  
How Ingersoll Died.

New York, July 21.—Ten years ago today, on July 21, 1899, the newspapers of the world announced the death of the greatest foe to Christianity, Robert G. Ingersoll.

Although the end of the famous agnostic orator came suddenly and silently, and he expired without a word, this fact has not prevented the circulation of many reports alleging that Ingersoll recanted on his death-bed.

These statements are denounced by Mrs. Ingersoll, widow of the agnostic, as base perversions of truth and absolutely without foundation. Mrs. Ingersoll remains firm in her adherence to the views on religion entertained

by her late husband. She indignantly denies the widely published report that she has become a spiritualist. Rumors to the effect that she has accepted the Baptist or any other faith she dismisses as unworthy of attention.

What is denounced by friends of the Ingersoll family as one of the most bare-faced falsehoods regarding the death of the great orator is included in what purports to be an affidavit signed by an Oregon man, which is now being given wide publicity by evangelists and the religious press. This sworn statement is as follows:

"I do hereby declare that Robert Ingersoll confessed to my father, Joel S. Berry, on his dying bed, that he did not believe the doctrine he preached.

"He said these words: 'Joel, I wish I had my life to live over again.' When asked why, he said: 'Because I do not believe what I have preached and never have. I only did it for the money there was in it.' His daughter then asked: 'Whose life shall I live after, yours or mother's?' Mrs. Ingersoll was a strict Baptist and a sister to my father. (Signed)—Archibald E. Berry, St. John, Oregon."

Mrs. Ingersoll denies any relationship to or knowledge of the Berry family, says that no such person as Berry was present at her husband's death, and that she is not and never has been a Baptist, strict or otherwise.

Another story which meets with as firm a denial is to the effect that before his death Col. Ingersoll sent for a priest, who was introduced to the Dobb's Ferry house by the back way.

Several other reports concerning Ingersoll's alleged recantation, published by religious and Sunday school papers during the last decade, are alleged to be but new versions of similar fables about Voltaire, Paine and other free thinkers.

It is also stated that an almost identical affidavit to the one signed by Berry was once circulated by Ethan Allen, the Ticonderoga hero, who was an atheist, and his daughter.

Another recent story, accredited to a famous evangelist who is now touring the west, alleges that Ingersoll's son committed suicide, but it is invalidated by the fact that the agnostic had no son.

In attempt to put an end to these deathbed recantation fables, Mrs. Ingersoll, her sister, Mrs. Sue M. Farrell, and Susan Sharkey, another member of the family, prepared an affidavit setting forth the facts regarding Col. Ingersoll's passing. It is as follows:

"On November 16, 1896, while on a lecture trip, at Janesville, Wis., Col. Ingersoll had a cerebral hemorrhage. He continued to lecture for a few days, but at the solicitation of his family went to Chicago and consulted Dr. Frank Billings, who advised him to return home and rest for two months, which he did.

He then, January 24, 1897, resumed lecturing, which he continued up to the time of his death. It was at this time, early in 1897, that he developed angina pectoris, from which he suffered greatly and which was the cause of his death.

"Since his death we have learned that he knew exactly his condition. In other words, his physicians told him that he was likely to die at any moment, but acceding to his earnest

entreaties they did not tell his family.

"In spite of the fact that death was ever beside him he was always very cheerful, and when asked as to his health invariably replied, 'All right.'

"During the night of July 20, 1899, he had an attack of acute indigestion and slept very little; but he came to breakfast the next morning and afterwards sat on the piazza, as he was wont to do, reading and talking with his family.

"At about 10:30 he said he would lie down and rest a little, and would then come down and play pool with his son-in-law. Mrs. Ingersoll accompanied him to their bedroom and remained with him while he slept.

"At about 11:45 he arose and sat in his chair to put on his shoes. Miss Sue Sharkey came into the room, followed by Mrs. Sue M. Farrell. Mrs. Ingersoll said, 'Do not dress, papa, until after luncheon; I will eat upstairs with you.'

"He replied, 'Oh, no; I do not want to trouble you.' Mrs. Farrell then said, 'How absurd, after the hundreds of times you have eaten upstairs with her.'

"He looked up laughingly at Mrs. Farrell, as she turned to leave the room, and then Mrs. Ingersoll said, 'Why, Papa, your tongue is coated; I must give you some medicine.'

"He looked up at her with a smile, and as he did so closed his eyes and passed away without a struggle, a pang, or even a sigh. No one else was present. This is a cruel and malicious falsehood, without the slightest foundation in fact. His convictions on the subject of religion remained absolutely unchanged. He died as he had lived, an agnostic.

For durability and strictly up to date style, they have no equal. You will see there are no holes in the center of the saddle tree, but the old styles have, which strengthens them. There are no taps, bolts or screws on the underside to work loose and chafe a horse.

The check hook we positively guarantee never to break off by the stumbling of a horse. Look at your old harness and you will see the difference.

Is there any good reason why you should not buy your harness with the improved New Ideal harness saddle and get the benefit of the advantages?

They cost you no more than the inferior old style. We are sole owners of the counties of Pettis, Cooper, Henry and Saline. It is to your interest to call and see them before buying your harness.

with certainty that if the water at Galveston has risen so the surf jumped over the sea wall, as reported to be a fact, there is also seriously high water along the Texas coast for scores and perhaps hundreds of miles on either side of Galveston. Small communities and numerous summer resorts along the unprotected coast would be in the greatest danger.

#### A Still Later Dispatch.

New York, July 21.—At 2 o'clock the Western Union resumed wire communication with Galveston. Then it was believed the worst of the storm was over, the message said.

The wind attained the highest velocity of sixty miles an hour this morning about 10:30. Some of the city streets were covered with water to a depth of from two to four feet. As the day progressed the wind shifted to the south and diminished somewhat.

Three sections of the Galveston bridge were blown down, and no trains are running between Galveston and the main land.

## HAD RIOT AT TIN MILLS

ONE MAN SERIOUSLY INJURED AND A SCORE BEATEN DURING THE ATTACK.

### GANG OF 125 STRIKE-BREAKERS THERE

Marched Down the Streets of New Castle, Pa., and Shouted Defiance at the Strikers—Nearly All of Them Were Armed.

New Castle, Pa., July 21.—An attempt to conduct 125 strike breakers through the city on their way to the tin mills caused a riot late last afternoon, during which one man was seriously injured and scores of others were seriously beaten and bruised.

As a result of the disturbance, Harry Ringer and James Warren are in jail, charged with attempting to incite riot.

The men, both of whom are said to live in Cleveland, were leaders among the new employees.

They arrived in New Castle last afternoon and marched down the streets, shouting defiance at the strikers.

The entire party, accompanied by seven special policemen, was attacked by crowds on the sidewalks.

Eight of the strike breakers and all of the special policemen were arrested.

Searched at the station, the prisoners were said to be armed with knives and revolvers.

Plumbers were kept busy

It was All On Account of a Piece of Limburger Cheese.

Hammond, Ind., July 21.—Tom Mauger, proprietor of the Indiana Harbor Express company, bought a piece of limburger cheese and it has already cost him \$200.

Mauger's wife refused to tolerate it in the house, and so he tied it to a nail outside of his house and the hot weather did the rest.

Mauger forgot about the cheese and his wife told him that there was something wrong with the plumbing. He employed a plumber and in searching through the pipes for defects in sewage the plumber practically wrecked the house.

Then Mauger remembered the cheese and the cause of the smell, and the plumbing bills are still coming in.

## A VERDICT IS REVERSED

Trial Court Erred in Its Instructions to the Jury.

St. Louis, July 21.—District Judge Carland, sitting in the federal court of appeals here, yesterday reversed the lower court's decision in the suit of Elizabeth Snively, of Kansas City, whereby she recovered \$5,000 damages from Lawrence Minot and Charles Frances, trustees, for the death of her husband in Kansas City on March 2, 1908, and ordered a new trial, holding the lower court should have instructed the jury to leave out all consideration of the charge that the operator of the elevator had not been chosen with due care.

J. M. Snively, formerly of Clinton, Mo., was killed in an elevator in the American bank building in Kansas City. For many years he was jailer at Central police station there. At the time of his death he was watchman at the federal building.

## GRAVE-DIGGER WAS HURT.

Rocky Soil Necessitated a Blast in West Virginia.

Grafton, W. Va., July 21.—While digging the grave of W. H. Warder, an aged resident of Grafton, who died yesterday, Thomas E. Stillwell was injured, probably fatally.

Rocky soil necessitated a blast and before Stillwell could reach safety the explosion took place, fracturing his skull and otherwise injuring him.

## Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

## COST THEM MUCH MONEY

FOR THAT REASON COURT WAS ASKED TO INTERFERE IN A STRIKE.

## THE JUDGE DECLINED TO TAKE ACTION

Pennsylvania Court Says It Cannot Force Concern to Take Back Workmen Who Left Places in Steel Works.

Pittsburg, Pa., July 21.—The first effort ever made in the United States to stop a strike by enjoining both the principals and the commonwealth failed yesterday when Judge Ford and Judge Brown, of the common pleas court, sustained the demurrer of the Pressed Steel Car company to the petition for injunction made by the Public Defense association of Pittsburg, against the company, the striking employes and the sheriff of Allegheny county.

For the strikers, who admitted the conditions as set forth by the petition and who joined in the demands of the Defense association that the court enforce arbitration upon the part of the company's officials, it was argued that it was high time for the courts to intervene.

For the Defense association it was argued that the strike is costing the taxpayers much money and much uneasiness.

For the company, it was argued that, as the petitioners are not injured personally, and that, as the corporation is not one of public service, but a private corporation, the courts cannot intervene.

The formal ruling of the court in refusing the petition of the Public Defense association, in part, follows:

"We find this court had no right to compel the company to re-employ these men or to compel the company to operate its plant again or pay their men more money or to install a new wage system.

"We have jurisdiction only in regard to trouble growing immediately out of the strike. Any request for a restraining injunction against violence which may lead to loss of life or damage to property will be considered.

"We sustain the demurrer of the company in all points, except that which concerns the right of a taxpayer to file such a bill."

Attorneys commenting on the action of the court were universal last night in their opinion that Judges Ford and Brown were entirely within legal right in their ruling.

When the strikers heard several days ago that their case would be taken to court violence immediately ceased.

## FORMING NEW MINISTRY

French Nation is Now Facing a Political Crisis.

Paris, July 21.—Work of forming a new ministry to take the place of the Clemenceau regime, which came to a sudden end last night was begun early today.

It is assured that three members of the old cabinet will be retained in the reconstructed ministry. It is generally believed that if M. Bourgeois, former minister of foreign affairs, can be induced to accept the task of forming the new ministry, a speedy solution of the present crisis can be reached.

## PRIEST WINS OVER A BISHOP

Court Denies Injunction Against Father Murphy.

Seward, Neb., July 21.—Father Murphy, of the Church of the Holy Conception, at Ulysses, has won another round in his fight with Bishop Bonacum, of the Catholic diocese of Lincoln.

Several weeks ago Bishop Bonacum secured a temporary order restraining Father Murphy from holding services in Ulysses or in any Catholic church in the diocese.

At the hearing before Judge Dungan yesterday to make the restraining order permanent, an injunction was denied. Bishop Bonacum sought to file a supersedeas bond, but it was refused. Now if he gets into court, it will be in the regular way, a thing he says he will do.

After the decision Father Murphy received the congratulations of hun-

dreds of friends. He announced that next Sunday morning he will say mass in his old church in Ulysses.

If people with symptoms of kidney or bladder trouble could realize their danger they would without loss of time commence taking Foley's Kidney Remedy. This great remedy stops the pain and the irregularities, strengthens and builds up these organs and there is no danger of Bright's disease or other serious disorder. Do not disregard the early symptoms.—Arlington Pharmacy.

### "BATHING IS IMMORIAL"

THESE WERE THE WORDS EMBLAZONED ON BANNER IN A PROCESSION.

### "DOWN WITH SOCIALISM" WAS ANOTHER

Demonstration Was for the Purpose of Protecting Against the Enforcement of a Law Requiring Daily Baths.

Bilbao, Spain, July 21.—"Down With Socialism" and "Bathing Is Immoral" were the slogans emblazoned on the banners carried in a great procession which marched through the streets of Bilbao today.

The demonstration was for the purpose of protesting against the enforcement of a law recently passed by the city council, which requires all pupils in the schools to take daily baths.

The socialists and radicals supported the measure, while the conservatives, who organized today's demonstration, bitterly opposed it.

The bathing statute, which includes a provision for the supply of free water by the city, was passed by a narrow margin. Since that time there has been a constant warfare between those who oppose and those who uphold the practice of bathing, and it is feared that serious trouble between the factions may result. Meanwhile, the socialists are triumphant, and the school children are given a daily application of water.

At the first council hearing Senorita Maetz, a teacher, and Senor Carretero, a socialist member of the council, appeared as the exponents of the free bath project.

Their plan met with speedy opposition from Senor Acebal, a Carlist, and Senor Torre, an Ultramontane member, who called Senorita Maetz a crazy crank and Carretero a red revolutionary, while they described bathing as an unnatural habit, a luxury which, like all luxuries, led to perdition.

Vice Burgomaster Esguevarra excelled the previous speakers by declaring that bathing was immoral, and the people who washed more than their hands at faces were guilty of sacrifice of the holy temple of their body.

"Never in my life," he declared in solemn tones, "have I taken a bath, and I am sure that the majority of this honorable board are in the same happy position."

Then a veritable babel arose. Some of the honorable board roundly abused the vice burgomaster for classing them with the great unwashed. But the voice of the latter was still strong and the new fangled notion of baths for children narrowly escaped defeat.

## RUMBLINGS OF THE RAIL

THE SANTA FE HAS EXTENSIVE PLANS FOR BETTERMENT OF TEXAS LINES.

### COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Holders of common and preferred stock of the Atchison, Topeka & Santa Fe Railway company have the privilege today and tomorrow of subscribing for \$26,000,000 of 4 per cent convertible bonds at 104 to the extent of 12 per cent of their holdings.

These bonds are part of the \$98,000,000 loan authorized in 1907, of which \$26,000,000 were offered to stockholders in that year. The new issue, it is said, presages an era of great improvement and extension of the Santa Fe system.

Through one of the Atchison directors maintained that the funds to be obtained from the sale of this latest block of bonds were not required immediately for extensions and betterments, it had been deemed wise to float the bonds immediately in order to take advantage of the favorable money market and to provide the company with money which will be needed next year.

It was understood that the principal work in extensions and betterments to be undertaken by the road next year will be on its Texas line.

Trains of the Missouri Pacific, the Kansas City-Northwestern and the Chicago Great Western will pass through it.

## HE WON HIS AUDIENCE

FRANK DIXON'S LECTURE AT CHAUTAUQUA LAST NIGHT WAS GOOD.

## THE CROWD WAS THE LARGEST YET

"A Square Deal" Was the Subject of the Address, and Lecturer Told Some Very Plain and Uncomfortable Truths.

Although the crowd at the Chautauqua Monday night far exceeded any previous evening, last night's crowd was even larger, and every one present felt that when the management took their money at the gate and gave them Frank Dixon they had gotten a "Square Deal."

Mr. Dixon is not a politician, but he showed wonderful insight into political problems, and if the reforms he suggested could be carried out the results would be revolutionary.

Mr. Dixon is not a political pessimist, neither is he a blind optimist, and believes that the truth will hurt no thinking man.

While Mr. Dixon dealt with the serious problems that confront us as a nation, yet at the same time he held the great audience in rapt attention, and so blended wit and humor with his remarks that while he fearlessly "plucked the goose" of our political and economical shortcomings, the goose was too highly entertained to "squawk."

Today Gillilan, the poet and journalist, gave his delightful lecture, "Sunshine and Awkwardness," and all that had been promised of Gillilan as an entertainer was more than fulfilled.

We always like the "sunshine" man wherever he can be found, and these "Sunny Jims" are great inspirational factors in life.

Tonight the Cover Sisters' Trio will give a prelude concert at 7:30 o'clock, and at 8:15 G. K. Knowles will give an illustrated lecture on "The Fisher Folks of France and Flanders." Mr. Knowles is a traveler and speaker of national reputation and the public can feel assured that he will give them something well worth while.

It's not too early to be telling your friends about the coming of Helen Beach Yaw, and to get ready to make Yaw day the biggest day in the history of the Sedalia assembly.

Special tickets for Sunday, July 25, Yaw day, will be put on sale Saturday at the ticket booth and at some convenient place down town.

## TWO NEGROES LYNCHED

MOB TOOK ALBERT LAWSON FROM JAIL AT PADUCAH, KY., LAST NIGHT.

HANGED FROM LIMB OF MULBERRY TREE

At Gum Branch, Ga., King Green, another Negro, Was Hanged From a Sappling and His Body Riddled With Bullets.

Paducah, Ky., July 21.—Without firing a shot a mob took Albert Lawson, the negro who shot Sheriff R. M. Compton at Paris, Tenn., Sunday, from the Paris jail at 9:30 o'clock last night and hanged him to a mulberry tree a few yards from the prison. About thirty minutes later the body was cut down.

An attempt was made early last afternoon to lynch the negro. He was taken to the court house yard, where a rope was placed around his neck, but as the negro pleaded, more

conservative men and the county officials appeared on the scene and begged the throng to allow the law to take its course.

Later Sheriff Compton issued a poster over his own signature requesting the people to let the law take its course.

At 9:30 o'clock a large mob, with the rope used earlier in the afternoon, went to the prison, battered down the doors and took Lawson.

### Negro Frightened Girls.

Easton, Ga., July 21.—King Green, a negro, was lynched and his body riddled with bullets at Gum Branch yesterday.

The Misses Nicholson, daughters of one of Eastman's prominent citizens, while four miles out from Eastman, were met in the road by the negro, who caught their horse by the rein and told them to get out, that it was his horse, and he was going to have it. He held on till frightened by their screams.

Dogs were placed on his trail, and after a run of several hours, the negro was caught by the sheriff and his deputies. While on their way to town they were met at Gum Swamp by a posse of 175 men, who took the negro and strung him to a sapling.

## TOUGH ON THE "GIANTS"

Mathewson Broke a Finger and Will Be Out of Game Two Weeks.

New York, July 21.—New York's chances for the National League pennant received a serious set back yesterday afternoon, when in the seventh inning of the game with St. Louis, "Christy" Mathewson, the team's star pitcher, broke the second finger of his left hand in stopping a liner from Delahanty's bat. St. Louis won by a score of 4 to 3.

Mathewson has been New York's one consistent winner this season, and has not been defeated since May 24. Mathewson left the game immediately, and the surgeon who attended him reported that it would be at least two weeks before he would be able to pitch again. Manager McGraw was banking heavily on Mathewson in the series with Chicago, starting Thursday.

## HE MAY LOSE RIGHT FOOT

J. REECE WADE, A FARMER LIVING SHORT DISTANCE EAST OF LAMONTE.

## ENGAGED IN CUTTING HAY AT THE TIME

The Accident Occurred at a. Early Hour This Morning—Injured Man Resting Well, Was Latest Report.

(From Wednesday's Daily.)

J. Reece Wade, aged 57 years, a farmer living east of Lamonte, had his right foot almost severed several inches above the ankle, while at work at his farm this forenoon.

Mr. Wade was engaged in cutting hay, in company with his son, Hugh. The latter was driving the mower, and the father requested him to watch out for brush.

Hugh was doing as directed, and did not notice his father ahead of the mower, engaged in picking up brush.

The latter had his back turned to the machine, when he was caught by the sickle and his right leg so badly lacerated that amputation of the foot may be necessary.

The Drs. Walker, of Lamonte, dressed the injury, and a telephone message from Lamonte this afternoon stated that the patient was resting nicely, although the injury is of a dangerous nature.

Mr. Wade is one of the best known residents of this county. Years ago he taught school, and later was agent for the Missouri Pacific at Lamonte. Still later he engaged in merchandising there, but of late years has been engaged in farming and stock raising.

## "K. OF C." WILL CELEBRATE

So Decided at Regular Meeting Held Last Night.

(From Wednesday's Daily.)

Sedalia council No. 831, Knights of Columbus, at Tuesday night's meeting, took preliminary steps for an elaborate celebration of Columbus day in Sedalia on Tuesday, October 12.

Edward Donnelly, W. G. Lynch, Emil Zoernig and Joseph Paradis were named a committee to arrange the program, and the committee will meet weekly for that purpose.

The celebration will be the first of the kind ever held in this city, on account of the fact that October 12 has only recently been designated by congress as a national holiday.

The celebration will be strictly an invitation affair. A select program will be arranged, after which a banquet will be served.

Edward Donnelly was instructed to arrange an open air entertainment for the members, to be given in the near future.

## SEDALIANS AT FISH FRY

Journeyed to Carpenter's Ford Tuesday and Spent the Day.

(From Wednesday's Daily.)

A party of Sedalians journeyed to Carpenter's ford, southwest of Smithton, Tuesday, and enjoyed to the fullest a fish fry and all of its attendant pleasures, returning home in the evening, the universal verdict being that they had never had a more pleasant outing. The following comprised the picnicers:

F. L. Ludemann and wife, Chas. Hoberrecht and family, P. Hoffman and wife, Chas. Walsh and family, Fred Williams and wife, Dr. W. O. Dunlap, Ed Imhauser and family, J. A. Keeling and family, J. S. McKelvey, A. J. Williams and wife, Dr. Sheneck, of St. Louis, and Dr. Carl Hoberrecht.

The only unpleasant incident in connection with the picnic was the miring of Charlie Hoberrecht's horse in a marshy tract near the camp grounds, requiring three hours' work on the part of the men in the party to extricate the animal.

## WAR SPIRIT IS RIPE

Bolivian People Are Anxious for a Fight With Argentine.

La Paz, Bolivia, July 21.—The feeling that hostilities may occur as a result of the rupture of diplomatic relations between the Argentine Republic and Bolivia is shown by the

## PRESENTED WITH PURSE

THE REV. FR. B. R. McNAMEE, OF ST. PATRICK'S CHURCH, LAST NIGHT.

## CHURCH COMMITTEE CALLED UPON HIM

Divine Is Recovering From Spell of Illness, and Flock Desires That He Take Needed and Deserved Vacation.

(From Wednesday's Daily.)

The Rev. Fr. B. R. McNamee, the well liked pastor of St. Patrick's church, on East Fourth street, was very pleasantly surprised by a committee from the members of the church at his home at 8 o'clock last night when he was the recipient of a handsome purse, raised by the church members, and donated to him that he might defray the expenses of a needed vacation.

The committee consisted of H. L. Moore, who made the presentation speech, R. D. McCubbin, Patrick Curran and Michael Mullin.

The gift came as a complete surprise, and was received by the divine with words almost unutterable, but he showed his appreciation otherwise in a manner that was felt by all.

Fr. McNamee is just recovering from an illness of several weeks' duration, and in view of that fact the church members decided he was entitled to a vacation. He has not decided where he is going or just when.

The purse contained a sum that it would require three figures to designate.

## HAD HIS JAW FRACTURED

Son of the Rev. Grant A. Robbins Meets With Accident.

(From Wednesday's Daily.)

Poster Robbins, the 18-year-old son of the Rev. and Mrs. Grant A. Robbins, is laid up at his home on West Fifth street, suffering from a fracture of the left jaw, received while boxing with a friend at the Y. M. C. A. gymnasium Monday night. The fracture was reduced by Dr. M. A. Alderman.

Every effort was made to keep the happening from the press, and it was successful until last evening, when the Democrat-Sentinel learned of it.

Young Robbins refuses to give the name of the young man who produced the fracture.

## PAID \$1,000 DEATH CLAIM

Policy Was Carried by the Late Michael Quinn.

(From Wednesday's Daily.)

Brady, national treasurer of the order, payable to Mrs. Bridget Quinn, widowed mother of Michael Quinn, who died in Sedalia on Saturday, June 12. That was the amount of Mr. Quinn's insurance with the order.

Sedalia council was instituted six years ago and Mr. Quinn's was the first beneficiary policy ever paid.

## THE NEW NURSE

## FORMER SEDALIAN'S JOB

HARRY K. DE LONG IS APPOINTED COURT REPORTER AT ATCHISON.

## IS A SON OF DETECTIVE JOHN DE LONG

In Addition, the Young Man Is to Be Married on July 28 to Miss Leota Wells, Who Also Resides at Atchison.

(From Wednesday's Daily.)

Mrs. Charles Gross, of South Osage avenue, sends the Democrat-Sentinel a copy of the Atchison, Kas., Champion containing the following complimentary reference to Harry DeLong, a son of John DeLong, a former chief of police of Sedalia, but later of the Missouri Pacific secret service department, with headquarters at Atchison:

Judge W. A. Jackson announced today the appointment of Harry K. DeLong as court stenographer to succeed the late R. B. Spittler, who held that position for twenty-five years.

The law provides that an examination shall be conducted by three members of the bar and the applicant required to write 150 words per minute. The examination will be held this afternoon, and Judge Jackson named T. A. Moxey, W. P. Waggener and D. S. Hooper to examine Mr. DeLong.

The appointment of Harry DeLong will come as a surprise to his many friends, as few knew he was equipped for such a position. He has, however, held several stenographic positions as difficult as the court house job.

The appointment will be received as a most popular one, because Harry DeLong is one of Atchison's finest young men, and Judge Jackson considers it a great pleasure to honor him in this way. The position carries with it a regular salary of \$100 per month, with additional pay for supreme court work.

On July 28 Mr. DeLong will claim Miss Leota Wells as his bride, and his plans were made to move onto a farm he recently bought in Missouri, but a few days ago he sold it.

Since then he has been undecided, although he had tendered his resignation with the Jackson woodenware firm at Thirteenth street.

Brick for the Home Here.

(From Tuesday's Daily.)

The brick for the Sacred Heart church Sisters home on Montevideo ave-

nue have arrived from Cherryvale, Kas., and it is expected the bricklayers will begin work tomorrow.

The slate for the roof was shipped some time ago, but has evidently been laid out at some point between here and Pennsylvania, and in the meantime Rev. Fr. Christian Daniel, who is superintending the work, is resting up a little.

Leo Streng Operated Upon.

(From Wednesday's Daily.)

Leo Streng was operated upon for appendicitis at the operating rooms of Dr. M. C. Alderman, on West Fourth street, at 10 o'clock this morning and a report from his bedside this afternoon is that he is resting nicely.

## W. C. KNIGHT ARRESTED

HE'S ALLEGED TO HAVE OBTAINED \$1,200 BY FALSE PRETENSES.

## RESIDED IN BOONVILLE FOR MANY YEARS

Prisoner Well Known in Sedalia, Denies Charge of Selling Worthless Mortgage, Claiming He, Too, Was Victimized.

(From Wednesday's Daily.)

W. C. Knight, a former resident of Boonville, who is well known in Sedalia, he having visited here at intervals for years, was written of as follows in the St. Louis Globe-Democrat of Wednesday morning:

William C. Knight, 52 years old, of 3518 Shaw avenue, a real estate dealer, was arrested yesterday at his office in the Liggett building and is a prisoner in the Central district hold-over, charged in an information with obtaining \$1,200 by false pretenses from Henry H. Hyatt, 1004 St. Angelo avenue.

Hyatt alleges he loaned Knight the money on a note and worthless mortgage on 240 acres of land in Cooper county, Mo. Knight, who is married, and lives with his wife and baby at the home of a married son, declares he is innocent and was victimized.

According to Hyatt's statement to Assistant Circuit Attorney Roskopf, Knight came to his office in the Temple building in June, 1908, and said he had a client who wanted \$1,200 on the land. He said his client's name was "Richard" and declared the title to be perfect, according to Hyatt. The loan was made, and last June the note fell due. Hyatt made inquiries, he said, and learned that he held a worthless second mortgage on the property.

"I never met Richard, but loaned him \$1,200 after communicating with him by mail," Knight said. "I wrote to the title examiner at Boonville, Mo., and paid \$3 to learn that the title was perfect. I then obtained \$1,200 from Hyatt and when the note fell due I wrote to Richard, and his reply caused me to make inquiries. I learned that some party had a prior mortgage on the property and that I was out \$1,200. I wrote to Hyatt and notified him I would personally make good his loss."

Knight, who says he shares an office with Josiah A. Parker, another real estate man, came to St. Louis in April, 1908, from Boonville. He said

he was engaged in the real estate business there for years and came to St. Louis with the expectation of bettering his financial condition.

Hyatt conducts a post card company and represents the Daydark Specialty company.

On account of Rev. Press' absence from the city, there will be no school at the church tomorrow morning.

## A PRIEST ENDS A STRIKE

ARBITRATES WITH COMPANY AND GAINS POINTS FOR HIS CHARGES.

## STANDARD STEEL CAR COMPANY'S WORKS

At Butler, Pa., Resumed Work Today, After a Four Days' Shut-Down—Release from Jail of 23 Men on Bond.

Butler, Pa., July 21.—The strike which for four days has tied up the Standard Steel Car company's works was settled late yesterday.

The 3,500 employees of the plant returned to work today. Both sides yielded points in an effort to reach an understanding.

The strike was brought to an end through the efforts of Father F. Beczowski, of the Polish Catholic church, here, under whose advice the men have been acting almost from the beginning.

Following the presentation of an ultimatum by the men yesterday, Attorney Levi M. Wise and Father Beczowski were called into consultation with company officials.

The company agreed to take back all of the workmen and consented to a reduction of the per cent of delinquent rents taken from the pay envelopes of the men each week.

Father Beczowski, acting for the strikers, then agreed to abandon the men's demand for an increase in wages and consented to the company's statement that it would follow its usual custom in such matters.

An agreement was drawn up and was ratified by the strikers at a mass meeting last evening.

Following the announcement of the settlement of the strike it was agreed that the twenty-three men in jail in connection with labor troubles be released immediately on a nominal bail.

## THE HUMAN BARN BURNED

Blaze Last Night Resulted From Spontaneous Combustion.

(From Wednesday's Daily.)

Frank Homan, a farmer and stockman of Stony Point neighborhood, three miles southeast of Smithton, suffered a \$1,000 fire loss at his home last night, with very little insurance with the Lake Creek Mutual Fire Insurance company.

Mr. Homan's barn, 48x50 feet, caught fire from spontaneous combustion, consuming fifteen tons of recently mowed hay and other products, entailing the foregoing loss.

## CHARGED WITH FRAUD

Case Has Been Filed With Postoffice Inspectors.

(From Wednesday's Daily.)

Complaint has been filed with the postoffice inspectors in this city of a scheme of a Sedalia negro, residing in North Sedalia, who is accused of defrauding people through the use of the United States mails.

The inspectors are working on the case, and it is probable that an arrest will be made this week.

Will Enter in Land Drawing.

T. C. Ferguson, a railway mail clerk on the St. Louis-Parsons, Kas., run between Sedalia and Parsons, has been granted a fifteen days' leave of absence, beginning Thursday, and will leave soon afterwards for Montana to enter in the land drawing. During his absence Clark Farmer, of St. Louis, will take charge of Mr. Ferguson's run.

## WILL FIGHT THE "DRYS"

BATTLE HAS BEEN LAUNCHED AGAINST CONSTITUTIONAL PROHIBITION.

## WATER WAGON ADVOCATES IN SYMPATHY

Business Men and Many "Dry" Advocates Have Enlisted in the "Safe and Sane" Forces in Alabama.

Montgomery, Ala., July 21.—With unlimited capital, the sentiment of a large part of the business men of the state, and the sympathy of many prohibition advocates, the fight has been launched against constitutional prohibition in Alabama.

In an interview last night, Leon C. McCord, lawyer and leader for the organization of the "safe and sane" forces, throws down the challenge and says they are out to win over the political ambitions of Governor B. B. Comer or any other man who would attempt to load the organic law down with a provision utterly untried, even as a law.

Mr. McCord is sending out a letter to members of the legislature, which meets in extra session July 27, from 10,000 business men, urging them not to plunge the state into a tumult now, when every effort possible is being made to bring things to a quiet basis and restore the confidence broken by the radical legislation of the past two years.

Criticism of the supreme court is deprecated as an evil tendency, and the recent interview with Brooks Lawrence, head of the Anti-Saloon league, to the effect that a judge would be chosen who would decide for prohibition, is condemned and held up as indicating to what extent the fanaticism of the league will go.

It is given out that every county of the state will be fully organized to prevent the state being turned over to men who talk like this.

## COW CAUSED THE TROUBLE

W. E. Houck Filed Complaint Against a Husband and Wife.

(From Wednesday's Daily.)

W. E. Houck, former candidate for constable of Sedalia township, and one of the enthusiastic workers in the dry campaign in this city last fall, today filed complaint before Peace Justice J. B. Rickman against Mr. and Mrs. Hicks, of South Marvin avenue, alleging that they assaulted him.

A state warrant was issued for the arrest of the couple.

Houck, according to his own story, was struck across the chest with a club, held by Hicks, while Mrs. Hicks is alleged to have held a revolver in her hand.

The trouble originated over Houck's cow trespassing on Hicks' garden.

## JOHN CRONIN KILLED

Dead Man Is a Brother of Simon Cronin, of California, Mo.

(From Wednesday's Daily.)

LET US GET TOGETHER.

A representative of the Democrat-Sentinel interviewed Mr. Hammer, manager of the Sedalia Light and Traction Co., and is convinced that the owners of the street railway system will unquestionably vacate West Third street if the city goes ahead with the paving of that thoroughfare. The company declares absolutely that it can not pay for the improvement at this time, but says that later on it believes it will be in better financial shape, and will then gladly co-operate with the city in making this very necessary paving.

We believe that for the good of all concerned the work might be postponed, and in consideration of the postponement perhaps the railway people would enter into an agreement, setting an exact date when they would do their part toward the contemplated improvement.

How much damage to property and inconvenience to residents would accrue by the discontinuance of the street car service on that thoroughfare it is hard to estimate, and it is a question whether the good that the paving would do would offset the damage that would result if the street car service is abandoned.

If the owners of property and the people living along that end of the street have anything to say regarding it, the columns of this paper are open to them.

It is well understood that there is no love lost between Mr. Hammer's company and this paper. Nevertheless, we want to be fair with them. The city has just closed what is regarded as a very favorable lighting contract; their gas service at this time is indeed good; no complaints have been heard for a long time, and if they would remove the "dingbat" from the city clerk's office and put in a genuine photometer we would feel that all is well.

Isn't it possible to get together on some sort of a reasonable proposition and thus prevent the worst end being deprived of street railway facilities?

## A REWARD OF MERIT.

"Count no man great until he is dead" is an aphorism that has come down through the years and has proven true.

A modern one that is equally true is, "Count no newspaper great until it has had a half dozen libel suits."

It's only the newspaper that does things, that stands for a principle, that defends the helpless and denounces injustice that finds itself annoyed with such actions; and when they come it is good evidence that its influence amounts to something; and that the blows it strikes are telling ones.

That the Democrat-Sentinel has one of these suits on its hands is taken by its owners as convincing testimony.

ny that it is fighting a good fight, that it is keeping faith with the people, and that the efforts it is putting forth for the right are having effect.

Discussion of the case itself would not be becoming, but it can be said that the bringing of it will not deter the paper from continuing in the course it has marked out for itself.

## THE HAPPY MEDIUM.

In an editorial in this week's Outlook, Theodore Roosevelt prays that he may have neither poverty nor riches, and he also strongly urges an inheritance tax, which should bear heavier on non-producing descendants and exorbitant, although how this scale may be legally maintained he does not say. His article is as follows:

"In one of Lowell's biting satires he holds up to special scorn the snug, conscienceless creature who refuses to consider the morality of any question of social ethics by remarking that 'they didn't know everything down in Judee.'"

"It is to be wished that some of those who preach and practice a gospel of mere materialism and greed, and who speak as if the heaping up of wealth by the community or the individual was in itself the be-all and end-all of life, would learn from the most widely read and oldest of books that true wisdom which teaches that it is well to have neither great poverty nor great riches. Worst of all is to have great poverty and great wealth side by side in constant contrast. Nevertheless, even this contrast can be accepted if men are convinced that the riches are accumulated as the result of great service rendered to the people as a whole, and if their use is regulated in the interest of the whole community.

"The movement which has become so strong during the past few years to secure on behalf of the nation both an adequate supervision of and effective taxation of vast fortunes, so far as their business use is concerned, is a healthy movement. It aims to replace sullen discontent, restless pessimism and evil preparation for a revolution by an aggressive, healthy determination to get to the bottom of our troubles and remedy them. To halt in the movement, as those blinded men wish who care only for the immediate relief from obstacles which would thwart their getting what is not theirs, would work wide-reaching damage. Such a halt would turn away the energies of the energetic and forceful men, who desire to reform matters, from a legitimate object, into the channel of bitter and destructive agitation.

"The reader of Prince Kropotkin's Memoirs must be struck by the damage wrought to Russia by the unwise opponents of all reform, who, by opposing every sensible movement for betterment, turned the energies of the young men, who, under happier conditions, would have worked for rational betterment, into the channels of a useless and destructive revolutionary movement.

"The multimillionaire is not per se a healthy development in this country. If his fortune rests on the basis of wrong doing he is a far more dangerous criminal than any of the ordinary types of criminals can possibly be. If his fortune is the result of great service rendered, well and good; he deserves respect and reward for such service, although we must remember to pay our homage to the service itself, and not to the fortune which is the mere reward of the service. But when his fortune is passed on to some one else, who has not rendered the service, then the nation should impose a heavily graded, progressive inheritance tax, a singularly wise and unobjectionable kind of tax.

"It would be a particularly good thing if the tax bore heaviest on absentees."

## Wm. COURTNEY

## THE THIRD HOUSE

Dear Democrat-Sentinel.  
In your issue of July 15th there appeared an article stating that a "Red Devil" had committed the crime of speeding along Broadway at a speed of forty miles per hour. The statement, "Red Devil," has caused me to make some inquiries as to who the guilty party was, but my search has been for naught, as all the owners of red automobiles in the city are in a position to prove a complete alibi, for the following reasons:  
Mr. Powell has been without gas headlights and did not use his machine at all that night.  
Mr. Highleyman was at his office from 7:30 p. m. till 10 that night, and his machine was not out of the barn.  
Mr. Murray was out of the city.  
No one would accuse Mr. Long or Mr. Wells of going faster than five or six miles per hour, so they are eliminated, and it was an utter impossibility for it to have been Mr. Coleman, for the simple and good reason that his machine cannot run that fast. He makes plenty of noise, but doesn't do well at speed.  
So it must have been Mr. Nicholson—One of Them.

## S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of  
preserving its smooth, even texture, softening and cleansing it, and regulat-  
ing the temperature of our bodies. This is done by an evaporation through  
each tiny outlet, which goes on continually day and night. When the blood  
becomes infected with humors and acids a certain percentage of these  
impurities also pass off with the natural evaporation, and their sour, fiery  
nature irritates and inflames the skin, and dries up its natural oils, causing  
pimples, boils, pustules or some itching rash, or hard, scaly skin affection.  
S.S.S. cures skin troubles of every kind by neutralizing the acids an  
removing the humors from the blood. S.S.S. cools the acid-heated circula-  
tion, builds it up to its normal strength and thickness, multiplies it  
nutritious, red corpuscles, and enriches it in every way. Then the skin,  
instead of being irritated and diseased by the exuding acid matter, is  
nourished, soothed and softened by this cooling, healthy stream of blood.  
S.S.S., the greatest of blood purifiers, expels all foreign matter and surely  
cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and  
affections of the skin. It removes pimples, blackheads, and other un-  
sightly blemishes from the skin and assists in restoring a good complexion.

### TUBERCULAR GERMS.

Beware of the Summer Colds and the so-called Hay Fever attacks. Beware of those darting pains in the sides or back. Beware of those unusual pains in the head, throat or chest, that tickling in the throat, that hacking cough, that fluttering of the heart, that shortness of breath, that hocking and spitting, that gradual loss of weight, that loss of appetite, that nervous weakness, that unusual brightness of the eyes at times.

ONE OR ALL of these symptoms are but timely warnings that the nucleus of that most dreaded of all diseases has invaded the system, and if unheeded the inevitable result is only a matter of time.

DO NOT DELAY. Delays are dangerous. Come to us in time. The Dr. Camp's Medical Co.'s Famous Inhalatorium Treatment offers you the best results obtainable in modern medical science.

## The Inhalatorium

It is the most scientific treatment ever devised for all germ diseases of the air passages. It is the most energetic method known for speedily eradicating the poisonous elements from the system. 'Tis a great blood purifier and a rebuilder of the tissues and as a part of our Modern Americanized European Method it is applicable in a wide range of diseases.

We give you relief the very first treatment and do it without loading your stomach with drugs. We Cure You by the only natural way—Direct Medication by our Wonderful Inhalatorium Cabinet.

## Throat and Lung Troubles

Need have no further terrors for you. You need not fear the oncoming of that most fatal of all diseases—the Great White Plague, Consumption—if you consult us in time. You can be cured more cheaply here than by a trip to the mountains. Do not think that because you have failed to get relief from the ordinary methods that we can not cure you.

We have the only Inhalatorium in this part of the state, and it has gained a wide reputation. Many come from a distance to avail themselves of this remarkable cure.

HUNDREDS WHO HAD ALMOST LOST HOPE HAVE BEEN RESTORED TO HEALTH.

We say we can cure catarrh, head noises, deafness, diseases of the throat, asthma, "grippe," and its after effects, bronchitis and the early stages of consumption.

### To All Who Suffer

Come to our offices and we will make a thorough, searching and scientific examination of your case Free of Charge, and if we find that your condition will yield to the influence of our advanced methods then we will take your case.

Our charges are reasonable. We accept no incurable cases.

## PRETTY OKLAHOMA GIRL

JOURNEYED TO LOUISVILLE, KY., TO MARRY MAN SHE HAD NEVER SEEN.

### SINGLE LOOK AT HIM WAS SUFFICIENT

Instead of a "Handsome Drummer, 32 Years Old," She Found Toothless Teamster Fully 65 Years of Age.

Louisville, Ky., July 19.—After journeying all the way from her home in Oklahoma to marry a "handsome drummer, 32 years old," with whom she had corresponded, Miss Hattie Clark, 19 years old, arrived in New Albany, took one look at her prospective husband, M. C. Brock, a widower, 65 years old, with two children, and then called on the police department for aid.

In her appeal for help she said she had been deceived, that Brock was minus a tooth, looked cross-eyed at her and is neither a drummer nor handsome.

She said she is the daughter of Dr. Riley Clark, a prominent physician of Renfro, Ok., and that she is one of a family of nineteen children. Brock, her erstwhile fiance, is a teamster.

Miss Clark seemed greatly affected by her shattered romance and said her family knew nothing of her matrimonial escapade.

When Brock learned that the girl was begging for aid at Central police station he went to her rescue, and after paying her bills, furnished her with railroad fare to her brother's home in Memphis.

The girl is extremely pretty and very dramatic. She sent out C. Q. D. calls by placing advertisements in local papers declaring she was being "held a prisoner against her will."

An investigation proved that she was a guest in the home of Brock and that her sole company at the time was Brock's 5-year-old boy.

## MAYOR DANIEL O'DONOVAN

Former Sedalia Mayor Be Elected at Douglas, Arizona.

Daniel O'Donovan, a former superintendent of the Sedalia street railway, and now holding a similar position at Douglas, Arizona, is being boomed for the democratic nomination for mayor of that town, and it is believed he will land the prize, as to be the party nominee is equivalent to election.

Dan is a Cincinnati boy, schooled in politics after the noted republican "boss," George B. Cox, only from a democratic standpoint, and in the event of his nomination and election there will be "something doing" in Douglas every minute of his entire term of office.

## GINGLES GIRL IS FREE

CHARGES AGAINST BARRETTE WOMAN DENOUNCED BY JURY AS FALSE.

### ONE JUROR OFFERED GOOD ADVICE

"Go Back to Ireland and Be a Good Girl," the Locomaker Was Told—Five Ballots Taken Before Verdict Is Reached.

Chicago, July 20.—Ella Gingles was cleared last night from the charge of stealing lace, but the story she told on the witness stand of being a "white slave" victim was denounced as untrue by the jury that freed her.

The verdict in the case was a fitting climax to the peculiar series of sensations that have followed the little Irish locomaker. This was the form, as read by the clerk:

"We, the jury, find the defendant not guilty, and we, the jury, further find that the charges made against Miss Agnes Barrette were unfounded, and are untrue."

The basis of the defense made by the Gingles girl, who was on trial for stealing lace from Miss Barrette was that Miss Barrette and others had attacked her and mistreated her in the Wellington hotel, on two occasions last winter, and that the object of these attacks and the animus back of the theft charges, was the attempt to sell her to an unnamed man in French Lick Springs, Ind.

The jury reached a verdict after nearly seven hours' deliberation. The court room was nearly vacant at the time the jury came in. A few of the women who have stood by the Irish girl since the day her story became public were there. They arose and clapped their hands and screamed when the words, "not guilty," were uttered, and it was some time before they realized the import of the last half of the verdict.

Miss Gingles, who remained the coolest of the lot, walked up to the jurors and shook hands with them. Juror Thomas Mackey, the oldest man on the panel turned to the girl and said:

"Now be a good girl, Ella. Go back to your home in Ireland and be a good girl."

The girl nodded her head and turned away.

"What are you going to do now?" she was asked as she was leaving the court room.

"I am going to tell it to the grand jury," she answered quickly.

When she was asked what she was going to tell and reminded of the fact that the jury had said that it did not believe her story, she appeared a little discomfited. Before she could talk any more her attorney and the women hurried her away.

It was learned from the jurors that five ballots had been taken. The first was eight for acquittal and four for conviction. Those voting for conviction did so mainly from their belief that the girl's stories of the weird outrages committed against her were untrue. They were won over to acquittal by the addition to the verdict of the clause exonerating Miss Barrette.

It was announced by Assistant State's Attorney Furthmann that the question of whether indictments for perjury would be asked for against Miss Gingles or not would be taken up today.

## THE CASE OF E. C. WHITE

IT WAS CALLED IN THE COURT OF JUSTICE F. W. CLARK THIS MORNING.

### THE DEFENDANT ASKED FOR JURY TRIAL

Juryman Were Subpoenaed, and Then Mr. White Requested Change of Venue—Comes Up at Smith-ton Next Tuesday.

(From Tuesday's Daily.)

The case of the State vs. E. C. White, alleged to have charged more than 2 per cent per month on money loaned to Ben H. Border, came up at 10 o'clock this morning in Justice F. W. Clark's court, when a jury was asked for by the defendant.

The court took a recess until 11 o'clock in order that a jury might be selected. At 11 o'clock twelve men had been chosen, and after the state had scratched its three names from the list the defendant filed an affidavit for a change of venue.

It was granted, and the case will come up before Justice M. D. Norton, of Smithton township, at Smithton, next Thursday, July 27.

Mr. White has been quoted by the Capital as "crying for an immediate trial," but the developments today lead to the belief that he is not as anxious as he at first imagined.

Late Monday afternoon, just before Circuit Clerk C. W. Daugherty's office was closed, E. C. White, a local attorney and head of the White Collecting agency, filed a suit against the Democrat-Sentinel for \$25,000 for alleged libel—\$15,000 actual damages and \$10,000 punitive damages.

The action grows out of a publication in the Democrat-Sentinel Thursday, July 15, in the paper's warfare on money sharks in general, of an article under a four-deck head, captioned as follows:

"The Man Borrowed \$70."  
"Was Loaned by One of the Money Sharks of the Prairie Quack."  
"Has Paid \$174 in Little Over a Year."  
"Still Indebted to the Shark in the Sum of \$193 and Interest—'This Man is Only One of Many Victims.'"

Mr. White's name was not mentioned in the article complained of, nor was the name of the borrower given.

The attorneys for the plaintiff are Judge George F. Longan, W. D. Steele and Barnett & Barnett.

### Hunting for School Principal.

The Smithton schools are without

## FIGHTING OVER A WILL

THE CASE IS BEING HOTLY CONTESTED AT CAPITAL OF THE STATE.

### TESTIMONY OF THE WITNESSES DIFFER

Will Filed Bequests About \$29,000 to John F. Heinrichs and \$500 Each to Children of Testatrix, Who Was His Wife.

If the will of Mrs. Henrietta Schott-Heinrichs, filed in probate court yesterday, is held to be legal, John F. Heinrichs will receive about \$29,000 of her estate, which is valued at about \$31,000, says the Jefferson City Post of the 17th inst. The children of Mrs. Schott-Heinrichs each are to receive \$500. The legality of the will will not be decided for several days, as much evidence is yet to be introduced in the depositions that are now being taken to keep the admission of the will from probate.

The evidence of the will so far introduced is contradictory. The will was made in Jefferson City, bears the date of April 7th, 1909, and was witnessed by George B. Miller and Fred Sessinghaus. Both witnesses on being examined do not agree in their testimony.

Fred Sessinghaus, the first to be sworn, states that he was not a witness to the will of Mrs. Heinrichs, but admits his signature to her will. He states that he was called into the store of John Heinrichs and says that he signed a will that Mr. Heinrichs told him was his, Mr. John F. Heinrichs' will.

He also stated that when he signed the will Mrs. Heinrichs was not present. He also said that this signature of his was made after Mrs. Henrietta Schott Heinrichs was dead and buried.

George B. Miller, when put on the stand, swore that the will was signed by Mrs. Henrietta Schott Heinrichs on the 7th day of April in the presence of himself and Fred Sessinghaus, at her home over the First National bank, after which he and Mr. Sessinghaus signed as witnesses.

He states that on the date above stated he was called by Mrs. Heinrichs over the telephone to come to her home, that she wanted to see him. He says he went there and that she requested him to draw up the will, which he did.

After drafting the will he told her that it would take two witnesses to make it valid. He said that she then asked him if he would act as one of them, and then asked him to get another, which he says he did.

He says he then went down on the street and got Mr. Sessinghaus, who consented and went upstairs and signed as a witness, after Mrs. Heinrichs had signed the will in their presence.

Emma Henack, a servant girl of Mrs. Heinrichs, was put on the stand and testified to Mrs. Heinrichs calling Mr. Miller to the home by telephone the morning of the date of the will. She said Mr. Heinrichs was in Sedalia on the day the will was made, and that she opened the front door for the two to enter.

Wm. C. Young was put on the stand and asked if he had seen Sessinghaus in the Heinrichs furniture store in the past several months. He said he had not seen him.

John F. Heinrichs when put on the stand and asked if he had called Sessinghaus in the store and requested him to witness his will, he said he did not, that it was simply absurd.

He said that several days ago he went to Sessinghaus and told him to go to the probate court and qualify to the will and Sessinghaus told him that he would go immediately, but did not.

After that Mr. Heinrichs said he was walking up the street, when a man named Schneider gave him an envelope containing three notes to the amount of \$1,000 with a written request on the envelope for him to sign and return. This request bears the name of Fred Sessinghaus. Mr. Heinrichs stated that he did not sign them, but took them to his attorney, Monroe Belch, who introduced the three notes as testimony this morning.

When questioned as to when he first knew that his wife had made a will he said she told him several days after the will was made, but did not tell him the contents, other than that she had well taken care of him in it.

When asked how long the will was in his possession, he stated that she gave it to him to put in a vault at his furniture store the latter part of April or the first part of May. When asked when first he knew of the contents of the will, he stated that he never knew its contents until it was filed for probate.

Monroe Belch when put on the stand testified that he drafted a rough sketch of the will at Mr. Heinrichs' request. Mr. Heinrichs stating at the time that his wife wanted to make a

will and that she wanted a sketch of one. He also testified that Heinrichs had told him that in case of trouble he wanted him for his attorney.

A recess was taken until Monday morning, when evidence will again be taken. Monroe Belch is the attorney for Heinrichs.

## A BALL PLAYER INJURED

Secco Brockman, Who Pitches for Jefferson City Club.

Secco Brockman has crippled the Jefferson City ball team in a vital part by becoming injured in the game Sunday, says the Jefferson City Democrat.

During a play of the game in the ninth inning between the locals and the Killebros, Brockman dislocated his knee cap and was compelled to be taken to his hotel in the care of Dr. McDonald.

The injury was the result of a misjudged fly by Center Fielder Brockman. One man scored from third on the hit and the second was attempting to come home on it when a wild throw to the plate caused the ball to pass Meyers, the catcher.

Brockman, who was backing him up, got the ball and ran to the plate to tag the runner. They collided, with the foregoing result.

Brockman was able to go to his home at Concordia last night, but will not be able to play ball any more this season.

## REV. PALMER GOT NO PAY

And Does Not Have to File a Statement of Expenses.

Attorney General Major Monday gave out the following statement concerning the publication as to Rev. Palmer's failure to file a statement under the state lobby law:

Palmer should file an expense account under the act of 1907, will say that the statute only applies to counsel or agents who have been retained or employed for compensation in reference to their services rendered as such counsel or agents during the session of the legislature.

"Dr. Palmer has assured me that he did not act in any such capacity, and I accept his assurances, and by reason of that fact it will not be necessary for him to file an expense account and he has violated no law.—Elliott W. Major, Attorney General."

## A BIG CROWD LAST NIGHT

ALL RECORDS WERE BROKEN AT THE OPENING OF LOCAL CHAUTAUQUA.

EQUIPMENT ALL THAT COULD BE ASKED

The Attraction Tonight Will Be a Lecture by Frank Dixon, Whose Subject Will Be, "The Square Deal."

(From Tuesday's Daily.)

The ideal weather conditions, thorough advertising by the management, and the assurance that something good would be offered, brought out a great crowd at the Sedalia Chautauqua last night, and the record for the previous openings was broken.

There has never been such a demand for tickets as this year. The Sedalia Chautauqua has passed the experimental stage, and is now an established institution in Sedalia. Those present last night were conscious of the extreme pains and care that the management was exercising in making everybody comfortable and pleasant. The grounds are in excellent condition. The big brown tent is as comfortable as an auditorium, and the splendid seats loaned by the state fair board give the Sedalia Chautauqua a splendid equipment.

At 7:30 Brandt's orchestra gave a prelude concert; and while a prophet is not without honor save in his own country, the Brandts easily overcame the handicap of being home talent and gave the great audience a rare treat.

Henry Clark, in his talk on the "Chautauqua Vision," took up the various attractions on the program and told what he knew of the worth of each entertainer.

Mr. Clark is a splendid Chautauqua man, a lecturer himself, a manager of Chautauquas, and as an experienced Chautauqua man he assured the public that the remaining days of the Chautauqua were to be filled with good things.

Then came Taggart, the funny man from Vermont, and by his inimitable impersonations delighted the audience.

Mr. Taggart is an unique entertainer, and is without a superior in his particular field. He gave the program at the Chautauqua assembly this evening—a lecture by Frank Dixon on "The Square Deal."

Then came the Vitagraph views on "Solomon's Judgment" and "Jezebel's Daughter," which were presented by the Vitagraph company, and although a delay seriously detracted from the enjoyment of this part of the entertainment, yet the public can be assured that they will not be annoyed by any more such delays.

The management is very anxious for the Sedalia people to give Frank Dixon a representative hearing, knowing his strong worth as a platform lecturer, and the popularity of his subject, "A Square Deal," the manager unhesitatingly assures the people that a rare treat is in store for them tonight.

## FOUND GUILTY OF ARSON

TWO HOWARD COUNTY YOUTHS WERE CONVICTED AT COLUMBIA, MO.

GIVEN SENTENCE OF TWO YEARS EACH

Enoch Bobbitt Induced His Son, Everett Bobbitt, and Others, to Set Fire to the Dwelling of Franklin Smith.

Columbia, Mo., July 20.—Everett Bobbitt and Joe Stewart were found guilty of attempting to burn the house of Franklin Smith, near Boonsboro, Howard county, and sentenced to two years in the state penitentiary by a jury in the Boone county circuit court yesterday.

Enoch Bobbitt, according to the evidence, induced his son, Everett Bobbitt, Noble Peacher, Rolla Kivett and Joe Stewart, to set fire to the Smith home, March 19, 1907. Smith came to the porch and was shot and killed. They all met at the home of Bobbitt's son-in-law, Robert Goodwin, the night of the killing.

Bobbitt is serving a ten-year sentence in the penitentiary for second degree murder. Goodwin was cleared last week. Peacher is on parole, after fifteen months in the reform school.
